Hello Sirs,

I write this to you in support of moving the open captioned films hosted at Schererville Showplace 16 to Hobart Showplace 12. I am a resident of (city/state) and there is no bus transportation available for me to use to go to watch an open captioned movie at the Schererville Kerasotes. I would very much like to watch open captioned movies. The Gary Public Transit System has buses that go to the Southlake Mall in Hobart during the day. I would like to take advantage of that opportunity if open caption is at the Hobart Kerasotes.

When I have the opportunity to go watch open caption movies, I know I will enjoy them often. Thank you for the opportunity in providing open caption movies for Northwest Indiana.

Sincerely,
