Hello Sirs,

I write this to you in support of moving the open captioned films hosted at Schererville Showplace 16 to Hobart Showplace 12. I reside in (city), Porter County, Indiana. Schererville is not easily accessible because it is too far to drive from my (city) to Schererville. Sometimes I work and cannot catch a late open captioned movie because the travel to get there is exhausting, I may end up not enjoying the movie.

I do appreciate the efforts for Kerasotes to bring this to the Northwest Indiana area. (If you haven't seen a movie, please state that you do appreciate the opportunity provided by Kerasotes and would take advantage of it if it was located in Hobart or what statement you prefer to state). Thank you.

Sincerely,
